Since new dancers may show up the second night, it will be necessary to re-teach these calls on the second dance session along with the two new calls on the Lesson 2 page. Helper commands are included in the modules below. Careful use of helper commands, sometimes even in place of the actual name of the call, is very important for new dancer success.</p>
<p>Call Modules in this Lesson. Note: In each lesson, dancers must be exposed to each of these modules before advancing to the next Lesson. These dance flows represent the minimum flows the dancers must know and are the Standard Application of these calls. Each begins with Heads. Repeat them starting with Sides.</p>
