

During the Christmas /New Year break from Square Dance Calling, for some of us, I put forth a small challenge on creating Choreography for the Call "Wheel & Deal" from a Tidal Line, to all members of the OACA. My reason for putting this out to you, was to help us as callers, improve our Dancers knowledge and understanding of Calls and therefore improving their dancing skills.

I received three sets of interesting uses, from Don Moger, Dave Currie and yours truly (Paul Adams)

Thank you! Don and Dave, for your choreography.
