There are all kinds of places from which you can do a Walk & Dodge. Here's a list (you'll probably think of others), and we'll look at some of these:

1. Standard: Right-hand mini-wave, Boys Walk, Girls Dodge
2. Right-hand mini-wave, Girls Walk, Boys Dodge
3. Same-sex mini-wave, In-facers Walk, Out-facers Dodge
4. Only the Centres of parallel waves
5. Facing Couples, identified dancers Walk, others Dodge (ending in either a right-handed formation, if the left-hand person walked – or a left-handed formation, if the right hand person walked)
6. Left-hand mini wave – note that if the Girls are the in-facers, the ending formation is normal couples
7. Mini-waves from Columns – working in 2 Boxes or the Centre 4 only
8. Mini-waves from Alamo-Style Ring
9. Column of 6 (4 Walk, 2 Dodge)
10. Column of 8 (6 Walk, 2 Dodge)
11. On the diagonal: mini-waves or facing couples
12. Only the Ends of Waves or Columns

Notes:
- *All sequences below are from SS and Heads beginning the figure, unless otherwise noted.*
- *I am not perfect, so chances are some of these sequences are not as good as they could be, and some of the singing call figures may not be ideal.* <u>**Use your checkers to walk through them before using them "live".**</u>
